R. E. Woodward Dead.

Mr. R. E. Woodward died at his home at Rosslyn, Thursday, June 22, of Consumption from which he has been a sufferer for quite awhile. The remains were interred at Rosslyn, funeral services being conducted by Rev. R. A. Irvin before burial. He leaves a wife and numerous friends to mourn his departure.

Deceased was about forty years old and had been in this community for fifteen years, being a native of Mason county, but located in this city where he was a prominent merchant for about four years, then moving to Rosslyn where he was married to Miss Mollie Mansfield in 1892. He continued in business at Rosslyn until a few years ago when he went to Florida in an effort to regain his health.

State Sues for Taxes.

At Hopkinsville the Cumberland Telephone and Telegraph Company has been made defendant in a suit filed by Auditor's Agent in the name of the Commonwealth of Kentucky. The plaintiff claims that during the last five years the company, its headquarters being in that city, has failed to list taxable property and that the sum of \$250,000 is due the State.

A negro boy, aged about sixteen years, was found dead near Torrent Friday. He was supposed to have fallen from the circus train that morning, as he was unknown in that section.

Labor Scarce--Laborers Abundant.

In Central Kentucky where the farm work is pushing and labor scarce, the Versailles Sun comments on the situation as follows: "Farmers are experiencing great trouble in securing hands to harvest their wheat. Several farmers came to town Monday morning and were offering extra wages to negroes to shock wheat. A number of negroes were found loafing about the saloons, but they didn't care to work.

Threshermen fear they won't be able to run their threshers this summer unless they can get outside help. There are enough able-bodied idle negroes and white men in Woodford county to do all the farm work there is to do and who are getting a living stealing and sponging.

Quality vs. Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system. Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak Heart, etc. Kodol Dyspepsia Cure for what is sometimes called America's national disease—Dyspepsia—is destined to eventually work a wonderful and lasting benefit to sufferers from this distressing and mind harassing condition. Sold by M. Rose.

SHOOTING IN CLAY CITY.

Matt Tracy Shoots and Wounds Jim Willie Ware and Ennis Patton in This City Friday.

Matt Tracy shot Jim Willie Ware and inflicted what at first promised to be a mortal wound in the afternoon of last Friday, circus day. The weapon used was a .28 calibre and the ball entered directly over the stomach, piercing the same and lodging under the skin in the region of the hips where it was later removed. At the same time Tracy also shot and wounded Ennis Patton in the knee and hand.

The shooting occurred in the lot at the rear of Kenyon's saloon, and was provoked by few words, both men being friends to each other and cousins. Ware was not armed.

At first it was thought Ware could not survive through the night. He was removed to Central Hotel and medical aid summoned. He rallied and greatly to the surprise of all, he grew no worse until Tuesday afternoon when he was removed to the home of his father, T. B. Ware at Virden. He is in a critical condition and there are but slight hopes for his recovery. Patton's wounds are not serious and he will get well.

Tracy was arrested and taken to jail at Stanton and has since been indicted in the two cases on the charge of malicious shooting with intent to kill.

Death of Mrs. Polly Niblack.

We have had an over supply of rain for the past week, doing much damage to many growing crops, besides being a considerable hindrance to wheat harvesting.

It was our intention to issue another six page paper this week but was called to Circuit Court at Stanton yesterday, consequently two pages must be left, though a great deal of matter was set up.

Card of Thanks.

I take this means of returning my sincere thanks to the many friends of my beloved husband, Rector E. Woodward, for their kindness in our hour of bereavement, to the pall bearers, to the donors of beautiful floral designs, to Bro. Irvin and to all who accompanied the remains to their last resting place.

The Bereaved Wife.

No Secret About It.

It is no secret, that for Cuts, Burns, Uleers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Swann-Day Lumber Co's store.

Hugo Task.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with kidneys, liver or stomach. The readers of this paper will be pleased to learn that their is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials.

Money in Old Safe.

An old iron safe belonging to Judge W. F. Owsley, of Burkesville, which had been used by him in his bank at that place during the war, and had since stood in the vault of the old building without being opened on account of the key being lost, was opened by Judge Owsley's son, W. S. Owsley, Jr., one day last week and found to contain \$2,000 in gold, gold watch and half a gallon of whiskey. The safe had not been opened since the war.

When you have an affection for the golden rule you will not need to advertise the fact.

**BILIOUSNESS
CONSTIPATION
CURED BY
THEFORD'S
BLACK DRAUGHT**

Because the liver is neglected people suffer with constipation, biliousness, headaches and fevers. Colds attack the lungs and contagious diseases take hold of the system. It is safe to say that if the liver were always kept in proper working order, illness would be almost unknown.

Theford's Black-Draught is so successful in curing such sickness because it is without a rival as a liver regulator. This great family medicine is not a strong and drastic drug, but a mild and healthful laxative that cures constipation and may be taken by a mere child without possible harm.

The healthful action on the liver cures biliousness. It has an invigorating effect on the kidneys. Because the liver and kidneys do not work regularly, the poisonous acids along with the waste from the bowels get back into the blood and virulent contagion results.

Timely treatment with Theford's Black-Draught removes the danger which lurks in constipation. Liver and kidney troubles, and will not only forestall the onsets of Biliousness, but for which disease in advanced stages there is no cure. Ask your dealer for a free package of Theford's Black-Draught.

The following is one of our offers:

**Constipated?

Kentucky State Fair.

The Kentucky State Fair to be held at Lexington September 18-23 next will be the biggest and best fair ever held in the South. A premium list aggregating \$25,000 will be offered, thus insuring the highest class of exhibitions of live stock of every description. Officers have been elected and preliminary details arranged, and the management is now devoting itself to the active work of pushing the big exhibition.

Kentucky has held two previous State fairs, one at Louisville in 1902 and one at Owensboro in 1903. The first was scarcely a success while the second was an utter failure. This year, however, located at Lexington, the center of the agricultural and live stock interests of the State, the fair is almost certain to prove a winner.

"Our Dumb Animals" is the name of a paper published at Boston, Mass. for the prevention of cruelty to animals which has been read by the Times editor for the past ten years with much interest. A few weeks since we published two clippings from this valuable paper, which incensed the school board of Washington City so they excluded the publication of that issue from the public schools where it had been furnished each month free to the school children to read. It will be remembered that the articles attacked the humanity of President Roosevelt, and it seems that this brought about the following which appeared in the June issue:

"A doubtless highly respectable clergyman writes us how much he enjoys the reading of Our Dumb Animals, which we are glad to send every month to every clergyman in our state, and should be glad, if we had the means, to send every clergyman in our country; but he kindly suggests that it is not good policy to attack a man so prominent as the popular President of the United States. If we think his fighting propensities got us into the unnecessary Spanish and Philippine wars, we need not say so. If we do not approve his plan of spending hundreds of millions of dollars on a great additional navy, and the education of the youth in our colleges and schools to believe that the noblest business in the world is that of killing, we need not say so.

We have no doubt if we had never attacked the cutting off of horses' tails and other cruelties of the fashionable rich we should have been more popular with one class of our citizens; and if we had never spent hundreds of dollars in money and thousands of dollars in time in investigating and exposing the poisonous and dangerous foods, drinks and medicines sold in our markets we should have been more popular with another. And if we had never attacked the rowdiness in our colleges and their want of humane education we might perhaps have long since received from some one of them, in addition to the customary degrees of A. B. and A. M., some other alphabetical degree more valuable; but so long as we control this paper, going every month to the editors of every newspaper and magazine in America north of Mexico, we expect we shall have to speak without fear or favor whatever we think it our duty to say. We should certainly be as glad to praise President Roosevelt as we are to praise President Lincoln, and we sincerely regret that the time may come when we shall be able to do so.
